Rationale

In certain specific circumstances, schools and suppliers need to be aware of the procurement obligations of the school division and that goods and services are obtained in accordance with the requirements of this policy.

Authority

- Policy Governance Manual

Definitions

Budget Manager - The specific positions within Greater Saskatoon Catholic Schools that have been given authority to approve expenditures from specific budgets. In schools, the principal is always the budget manager. A budget manager may delegate their authority but cannot delegate their accountability.

Formal Tender - A process where bids are received through a formal competition open to all interested parties. Notice of any tender is posted to a recognized public electronic tendering system. Vendors who have participated in previous similar tenders may be contacted but the competition is open to all qualified suppliers.

Formal Quotation - A process where bids are received by request from qualified vendors or selected contractors. Such quotations are received only up to a specified time and date and are not advertised. Responses are to be given in written format by either facsimile, email or hard copy. Quotations and list prices will also be accepted if an email is not available from e-commerce sites. Screen shots of these prices would be maintained as documentation in this circumstance.

Informal Quotation - A more informal process of securing price quotations from selected vendors with no specified closing time and date. Quotations will be accepted by the same means as formal quotations as well as oral quotations (direct meeting with sales representatives or phone calls) but should be documented by the requester.

Request for Proposals/Negotiated Request for Proposals - A request to suppliers to submit proposals for goods and/or services that are innovative. Request for proposals do not tie firms to existing processes or rigid specifications but, rather, encourage new approaches, techniques and methods for meeting the division's requirements. Negotiated requests for proposals can be used in situations where they are more appropriate than formal tenders or formal quotations.

Goods - Products that consist of tangible, durable or consumable items.

Services - Outputs that consist of tasks performed by individuals, service providers or consultants.

Contract - A written document outlining terms and conditions for the purchase of goods and services, including rights and obligations of Greater Saskatoon Catholic Schools and the supplier.

Purchase Order - A contract between Greater Saskatoon Catholic Schools and a supplier for the purchase of goods and services, including rights and obligations of Greater Saskatoon Catholic Schools and the supplier.

Single Source - A specific supplier is selected to provide goods and services without utilizing a normal competitive bidding process.

Sole Source - A specific supplier is the only supplier of goods and services that are required.

Emergency Condition - A condition in which, in the opinion of a budget manager, loss of property, safety concern or operational disruption may occur if immediate action is not taken.

New West Partnership Agreement (NWPTA) - An accord between the Governments of British Columbia, Alberta and Saskatchewan that creates Canada's largest barrier-free interprovincial market.

Canadian Free Trade Agreement (CFTA) - An intergovernmental trade agreement introduced in 2017 to support the free movement of persons, goods, services, and investments within Canada and to establish an open efficient, and stable domestic market.

Canadian-European Union Comprehensive Economic and Trade Agreement (CETA) - a free trade agreement introduced in 2017 to reduce trade barriers between Canada and the EU.
